Love our music and creating on YouTube? Awesome! We offer free "attribution licenses" specifically for YouTube content creators. This lets you use our music with proper credit in your videos.

For projects outside of YouTube, we offer a subscription plan with even more flexibility. Check it out here: <https://declandp.info/plan>

Understanding Music Licensing:

Visit: license.declandp.info

Respectful Usage:

We've partnered with YourVid to ensure our music is used properly. We only claim videos that violate our licensing terms, so no worries if you're following the rules!

Copyright Free? Not Quite.

Terms like "Copyright Free" can be misleading. Our music is copyrighted but offers specific usage options via licenses. "Royalty Free," on the other hand, allows you to generate revenue from your videos using our music (with a valid license), without ongoing royalty payments.

Be a Responsible Creator:

It's important to use music with the proper permissions. Even if you're unsure of the owner, responsibility lies with you. Always double-check licensing to avoid any issues.

Let's Create Together!

We're here to help you add amazing music to your projects. Choose the right license, unleash your creativity, and worry less about copyright.

Q: I found your music from someone else (another website or YouTube channel)

Declan DP only authorizes Audio Library and YourVid to sell or promote licenses for our music. If you obtained our music or a license from another source, it's likely illegitimate.

Using unauthorized copies of our work is illegal and can lead to copyright strikes or monetary claims. To avoid these issues, please obtain a valid license directly from us. We're always working to address unauthorized usage but can't guarantee complete elimination.

Having a claim removed

Those who receive Content ID claims for using Declan DP's music can rectify the situation by reading our terms and conditions and including the correct licenses in their video descriptions. After doing so, they can contact us by emailing copyright@declandp.info

In some instances, requests may be denied due to the extent of loss or damage caused to Declan DP or others. If this occurs, you may be contacted with further information, and the Content ID claims will remain until a resolution is reached. Our rules and policies must be followed before our music is re-uploaded

*Repeat infringers are evaluated on a case-by-case basis and will be addressed at our sole discretion.

Removing 'Attribution Licenses' after a Content ID claim is removed

YouTube videos are reviewed periodically to ensure compliance. Any channel or individual who removes the 'attribution licenses' after a Content ID claim is removed will have their video(s) taken down. Additionally, they will be subject to legal action and liable for any loss or damage caused to Declan DP. Declan DP may charge up to three times the actual loss or damage incurred, including any legal fees.
